

Premier Travel

Wedding & Honeymoon Gift Service

Tailor-making your perfect honeymoon to be unique and special to you

At Premier Travel we have arranged hundreds of honeymoons for our clients and we understand the importance of getting it just right. We can tailor-make the perfect honeymoon to be unique and special to you. We work closely with a variety of tour operators and pride ourselves on our excellent relationships allowing us to organise some fantastic honeymoon packages with lots of added value extras.

In addition to helping plan your honeymoon we are also delighted to offer our wedding list service. By offering this service to your wedding day guests, they can choose to contribute to your unforgettable honeymoon, knowing they have helped.

How our wedding list service works?

Book your honeymoon with Premier Travel in the normal way*

Personalised gift cards will then be sent to you to include with your wedding invitations. The gift cards will detail how to make a contribution/purchase a voucher

Your guests can then drop into their local Premier Travel branch or call the number detailed on the card and either:

- Pay a direct contribution towards the honeymoon which will be deducted from the final balance
- Purchase a Premier Travel voucher to insert into their wedding card

The full balance of your honeymoon is required 12 weeks before you depart and we will be in touch to give you details of which guests have made contributions and how much has been received. We will also advise the balance due on your honeymoon

If any of your guests contribute after your final balance has been paid, or they opted for vouchers to give on the day, we will arrange for this amount to be refunded to you against your honeymoon. Alternatively, we are happy for you to use this amount/vouchers against a future booking.

For further information or to start planning your wedding or honeymoon please.
